

RESUME (2026) For Tech and Healthcare Roles.

J D LANCASTER

Brooklyn, NY

(838) 273-3224

jdlanaster99@gmail.com

PROFESSIONAL SUMMARY

Adaptable and detail-oriented professional with experience in healthcare, behavioral support, documentation, and real-time digital systems. Skilled in in-patient care, data collection, crisis response, and structured workflows. Recently expanded into UI development, data annotation, and logic evaluation through hands-on project work involving dashboards, user interfaces, and system testing. Strong communicator with the ability to learn quickly, follow guidelines, and maintain accuracy in fast-paced environments. Seeking **remote opportunities** in data annotation, AI evaluation, content review, or entry-level UI/QA roles.

CORE SKILLS

Technical & Digital Skills

- Data annotation & AI evaluation
- UI component building (JavaScript, HTML/CSS)
- Debugging & logic testing
- Real-time dashboard interaction
- Electronic documentation
- Microsoft Teams, Outlook, M365
- Basic EHR familiarity
- QA-style testing (finding bugs, verifying behavior)

Healthcare & Behavioral Skills

- ABA data collection
 - Behavior plan implementation
 - Mental Health First Aid
 - Crisis de-escalation
 - Patient monitoring & safety
 - ADLs, mobility, transfer safety
 - Documentation accuracy
 - Communication with clinical teams
-

CERTIFICATIONS

- 40-Hour ABA/Behavior Technician Training
 - Certified Home Health Aide (NYS Approved)
 - Mental Health First Aid (Adult)
 - Certificate of Leadership & Professional Development
-

PROFESSIONAL EXPERIENCE

Behavior Technician Intern

A Friendly Face — Nov 2025–Present

- Implement ABA treatment plans under BCBA supervision.
- Collect and record behavioral data with accuracy.
- Observe and report new behaviors to clinical supervisors.
- Maintain client safety and follow individualized protocols.

Certified Home Health Aide

Elara Caring & Selfhelp Community Services — Nov 2024–Dec 2025

- Assisted clients with ADLs, mobility, and therapeutic activities.
- Supported individuals with developmental and physical disabilities.
- Documented observations and communicated changes to supervisors.
- Maintained safe environments and followed nurse-directed care plans.

Freelance Tutor (Essay & Writing Support)

Varsity Tutors — Sep 2021–Feb 2023

- Coached students in writing, organization, and comprehension.
- Adapted teaching strategies to individual learning needs.
- Helped learners build confidence and academic independence.

Youth Program Intern

Brooklyn Community Services — Feb 2016–Nov 2016

- Supported youth in structured program activities.
- Maintained safety, attendance records, and organized program files.
- Assisted staff with daily operations and participant engagement.

TECH PROJECT EXPERIENCE (NEW SECTION)

(This is the part that helps you get tech jobs.)

UI Dashboard & System Testing (Independent Project)

2025–2026

- Built and tested a real-time operator dashboard interface.
- Designed modular UI components (panels, toggles, logs, HUD).

- Debugged layout issues, state logic, and rendering behavior.
- Evaluated system outputs for accuracy and consistency.
- Gained hands-on experience with JavaScript, UI architecture, and event-driven systems.

This section shows employers you're not "just healthcare" — you're already doing tech work.

EDUCATION

Associate of Arts – Liberal Arts

Borough of Manhattan Community College (2021–2023)

GPA: 2.7

GED – High School Equivalency (2019)
